It is your responsibility to prepare all supporting documents far enough in advance so as to meet the designated deadline. Incomplete applications and applications received after the deadline will not be considered.

All materials submitted by an applicant become the property of GRIPS and will not be returned. Please make sure to keep one copy of your application for your records.

9. Supporting Documents

All documents must be in English. Documents in languages other than English must be accompanied by an official translation. To be official, the translation must have been done by the organization issuing the document or by an accredited translator. We will not accept your own translations.

Supporting documents, which can be prepared solely by the applicant, should be typed or printed wherever possible (A4 size paper and single-sided printing are preferable). If circumstances require, documents legibly handwritten with a pen or a ballpoint pen are acceptable.

If for some reason (e.g. marriage) your current name is different from that on the document(s) you submit, please submit official documentation of that reason (e.g. marriage certificate).

Faxed documents or digital copies sent by e-mail will not be accepted.

Do not attach any additional documents apart from the items listed below.

Number the documents from ① to ⑩ (the items numbered in the list below) in the upper right corner of each document.

- ③ 2 letters of recommendation (1 original and 3 photocopies for each letter, use the designated form)

Your letters of recommendation must be written by your immediate superior at work or supervising professor of the university you attended. At least one and preferably two should be written by your immediate superiors at work.

You are required to request each of your recommenders to write a letter of recommendation using the designated form and submit them along with the rest of your supporting documents, all in one package. Each of your letters must contain four A4 pages provided. Letters submitted that do not use our designated forms will not be accepted. They must be submitted in sealed, unopened envelopes signed across the flap by the recommender. For details, please see the explanation on the designated form.

- ④ · ⑤ Official transcripts of academic record and graduation/degree certificates (1 original and 3 photocopies for each document)

You must submit official transcripts and graduation/degree certificates from all undergraduate and graduate

institutions attended. These must be documents issued by the university and bearing the seal or signature of the registrar, and they must be submitted in sealed, unopened envelopes with the university logo and address noted; the envelopes must be signed or stamped across the flap by the issuing school authorities. You should request and receive your official transcripts and graduation/degree certificates from your university.

④ Official transcripts of academic record

Official transcripts should contain the following information: the name of the degree program/course, the enrollment period, the names of all courses taken and grades received, and the grading scale. It is helpful to have the student's rank in the class included in the information. If you are currently attending a university, please submit your most recent transcript.

⑤ Official graduation/degree certificates

Official certificates should state the name of your degree and the date the degree was awarded. If you are currently attending a university, you must submit an authorized statement of expected graduation certifying the specific date of graduation and the title of the expected degree upon completion of the program. Do not send your original diploma, as documents will not be returned.

Important notes

- Transcripts/certificates that have been opened are not acceptable.
- Transcripts/certificates without the institution's official stamp or the signature of the registrar are not acceptable.
- If a university has a policy not to issue more than one official transcript/certificate, you may submit photocopies verified by the university. These must be submitted in sealed, unopened envelopes with the university logo and address noted; the envelopes must be signed or stamped across the flap by the issuing school authorities.
- If a university cannot issue an official English transcript/certificate, you are required to submit both an official transcript/certificate (photocopies are not acceptable), written in its original language and bearing the institution's stamp or the signature of the registrar, and an official English translation of the document, prepared by an accredited translator.
- If official transcripts do not include the grading scale, you are required to request the university to issue an official letter providing the details of the grading scale. That letter should be enclosed in the same envelope as the transcripts.
- Provisional or temporary graduation/degree certificates are not acceptable.
- If you attended a partnership/affiliated/associated institution, please submit an official document certifying the relationship between the degree awarding institution and institution where the education was actually conducted; the document must be issued by the degree awarding institution.

One of the following test scores is required:

1. TOEFL iBT: 79 or higher
2. IELTS Academic: 6.0 or higher
3. Other equivalent test score

Please note that English test scores are valid for two years from the test date, and therefore, tests must have been taken within two years of the time of enrollment. If you submit the results of a different test of English proficiency, please submit a conversion of the score to TOEFL or IELTS.

How to apply for a waiver of the English language proficiency requirement

(Please note that there are two categories in our English test exemption policy.)

Category 1: Applicants who have completed or expect to complete an undergraduate or a graduate degree at an accredited institution located in the USA, the UK, Canada, Australia, New Zealand, or Ireland will be automatically exempted from submitting an English test score.

Category 2: Applicants who have completed or expect to complete an undergraduate or a graduate degree at an institution where the language of instruction is English may request a waiver of the English language proficiency requirement. If you wish to apply for such a waiver, you must submit, as evidence, official documents issued by the educational institution you attended, certifying that your undergraduate or graduate education was conducted entirely in English. This document

must be issued by the university and bear the seal or signature of the registrar, and it must be submitted in a sealed, unopened envelope with the university logo and address noted; the envelope must be signed or stamped across the flap by the issuing school authority.

Please note that the granting of your language waiver request is at the discretion of our screening committee and that your request for a language waiver will be considered at the time of screening. This means that there is a possibility that your waiver request will be denied. If possible, we strongly recommend you to take a TOEFL or IELTS test prior to your application.

Young Leaders' Program (School of Government) Curriculum Guidelines

I Basic Concepts

1. Each subject will deal with theories based not only on the experiences of the so-called modern Western World, but also on those concerned with the historical experiences of Japan and other non-Western countries. While analyzing commonalities in the modernization process along with its various possibilities, the courses seek to find the most desirable method for each country's modernization. (Comparative Approach)
2. Through modernization, our thoughts and ideas undergo deep transformations. However, the curriculum will not be concerned with modern ideas alone, but will also incorporate basic premises from the classical civilizations and ideas of the great thinkers. (Emphasis on liberal arts education aiming at self-relativization and critical thinking)
3. Going beyond instruction that is related to skills and knowledge, the curriculum will emphasize the fostering of students' ideas; identifying problems; and developing the ability to arrive at their own solutions. (Emphasis on discussion and self-study)
4. Through encounters with leading figures from all areas (including other promising young students), the curriculum aims to create human networks and further understanding about Japan.
5. By offering a broad range of courses, the curriculum encourages students to establish policymaking abilities required of national leaders who are knowledgeable in a broad range of areas.
